Timea Hanratty brings to her work a combination of high-level legal know-how, genuine compassion for her clients, and a reassuring dose of reality.

Her parents' divorce inspired Timea to pursue a career where she could help individuals facing a family crisis. Having moved from Seattle to Arizona with her mother when the divorce was complete, Timea identifies on a personal level with her clients' relocation cases. She is especially sensitive to the welfare of the children and is most gratified when she can protect their best interests in the process. She is also experienced in cases involving interstate and international custody and child support.

Timea has carved out an impressive legal resume, including recognition in the Best Lawyers in America. Having previously worked as an estate planning attorney, Timea has considerable experience with all types of trust instruments and is highly skilled in complex high asset divorces.

Timea is a straightforward communicator who can be relied upon to explain all details of a case. Her clients can quickly tell that she cares for them, and they appreciate her honest and sound advice. One former client described Timea as being "knowledgeable, attentive, inquisitive, and having a comforting air of confidence. In all of 25 minutes, she understood my plight."

Since her law school days, Timea has been a volunteer and leader in family law organizations. As a student, she co-founded the first family law association at her law school and remains deeply involved with the organization. Additionally, she currently serves as Vice President of the Arizona Chapter of the Association of Family and Conciliation Courts.

Timea was born in Hungary and is fluent in Hungarian. After living in Hungary and Germany, she emigrated to Seattle and later Phoenix, where she lived for nearly three decades. Timea is thrilled to have recently returned to Seattle with her husband - an epidemiologist and cancer researcher - and their three cats. They love to travel and look forward to going abroad again when the pandemic allows.
